

# ABERSOCH BAY

CTV

19M

Built by Southboats, Isle of Wight – the vessel was designed featuring power producing solar panels and wind veins, to reduce our environmental impact.

The passenger saloon area provides a quiet, and comfortable atmosphere, fully air-conditioned with suspension seating. The vessel is equipped with a galley area, TV/DVD, wireless internet.

## MAIN PARTICULARS

Year built	2013		
Class	DNVGL Windfarm service 1 IAI HSL. Category 2		
Flag	British		
Hull material	Aluminium		
Passengers	12	Crew	2-4
IMDG	Yes		

## DIMENSIONS

Length overall	21.6m	Fwd deck space	33m
Beam	7.4m	Aft deck space	8m
Draft	1.2m	Cargo	7t

## MACHINERY

Main engines	2x MTU 8V2000, Series M72 965BHP, coupled to ZF2050 gearboxes		
Propulsion	Ultra Dynamics UJ575 Waterjet		
Generators	14KVA Cummins Onan		

## PERFORMANCE DATA

Sprint speed	24kts		
Service speed	22kts		
Fuel consumption	104.3lt/h*	Fuel capacity	6,000lt
Bow fender	Ocean 3		

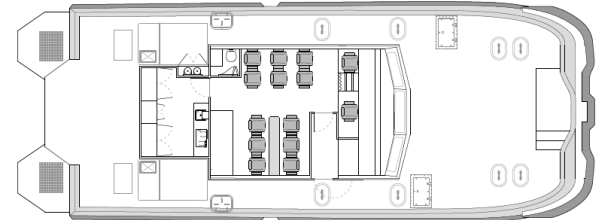

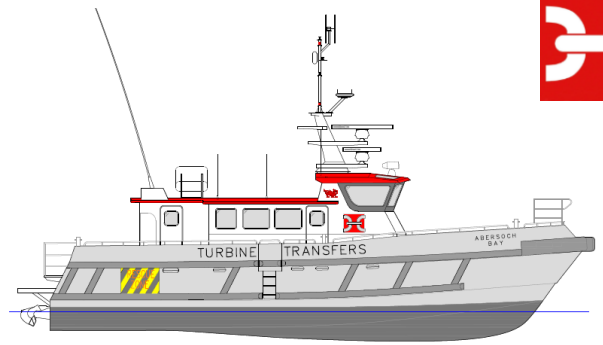

## DECK EQUIPMENT

Container/s	N/A		
Fuel transfer	Yes	Jet wash	Yes
Crane	Optional		
Tiedowns	Multiple points for cargo securing		
Survey	Optional		

## ONBOARD EQUIPMENT

Electronic chart	Compass
Crew finder	Iridium satcom
Depth sounder	AIS
Compass	VHF
Radar	CCTV / FLIR

\*Fuel burn rate is an average, total vessel burn inc. aux – for a year with the vessel fully operational.
